

Tilapia Delight

by Mowi

Tilapia is a tropical fish with beautiful white fish flesh. It has a mild taste with a slightly peppery note. Our tilapia fillets come from ASC certified responsible aquaculture in Indonesia. Tilapia Delight has been coated with a fine flour coating, then marinated with a peanut & coconut marinade for a delicious oriental flavour. The light coating adds just a bit of crisp and makes it easy to prepare the fish in the oven, pan or airfryer. A perfect combination of convenience and indulgence. The sophisticated coating process makes the product suitable to be sold in Modified Atmosphere Packaging (MAP) from the chilled fish shelves in the supermarket. Thanks to this process the product keeps its high scores on both food safety and sensory quality during the full length of its shelf life.
