

Pizza fish - pangasius

by Mowi

Pizza fish made from responsibly farmed ASC certified pangasius fillets with an 'au gratin' topping of sundried tomatoes, basil and grated cheese. The bottom of the pizza fish is lightly dusted with a fine flour coating to give it just a bit of crisp when baking the pizza fish in the oven or airfryer. Quick and easy to prepare, pizza fish is a delicious meal centre thanks to the original combination of the mild flavour and firm texture of the pangasius, topped with popular pizza ingredients.
